There have been some changes as to how drug and alcohol treatment and services are accessed. The information below will help guide you in connecting with drug and/or alcohol treatment, as well as give some additional resources. Adult and adolescent services are available throughout Bucks County.

The first step in accessing treatment is to have a drug and alcohol assessment to determine the type of treatment and recovery plan needed. Many of the assessments will occur via Telehealth. For more information, please call our Approval of Care Department at 215-444-2730 or visit www.bcdac.org. If treatment is needed after hours, you or your family member can go to or call Gaudenzia Lower Bucks, which is available 24/7.
